

ALEXANDRE HUYNH

Go-To-Market

Pleasanton, CA | 925-519-3662 | alex.va.huynh@gmail.com | [LinkedIn](#)

SUMMARY

Engineer turned seller. Three years building and testing software, then I followed my passion into fitness, where coaching and selling training packages led me into sales. In outbound, I cleared quota every month of ramp and moved into a founding GTM seat three months later. Now I sell financial data to analysts at Daloopa.

WORK EXPERIENCE

Go-To-Market / Business Development Representative

Daloopa

Oct 2026 - Present, New York, NY

- The data layer for financial models
- More details coming soon.

Go-To-Market / Business Development Representative

Revl (YC F24)

Jan 2026 - Aug 2026, SF Bay Area

- Booked 52 meetings from cold outbound and sourced 2 closed-won customers, one on an enterprise plan, plus 9 accounts into product evaluation across fintech, real estate, and healthcare.
- Built the outbound motion from zero across three channels: account sourcing, contact enrichment, sequencing, and messaging to mobile engineering leaders at 200 to 2,000 person companies. Stood up and ran the stack solo (Apollo, HeyReach, Instantly, HubSpot, Nooks, Sumble).
- Wrote the cold email playbook, persona matrix, and product claims reference, giving the founders and the sales team one accurate source for what the product does and does not do.
- Diagnosed channel economics across calls, email, and LinkedIn, then presented the analysis and a revised channel strategy to sales leadership at the company offsite.
- First GTM hire. Joined via InsideScale as Sr SDR, converted to direct hire.

Sales Development Representative

Numeral (YC W23) - *placed via InsideScale*

Oct 2025 - Dec 2025, SF Bay Area

- Sourced 31 opportunities and \$178.5K in active pipeline in three months, clearing ramp quota every month at 280%, 120%, and 200%.
 - Top SDR in December and first on the team to hit quota, on Dec 10, with 20 meetings against a quota of 10.
- Booked directly into finance decision-makers (CFOs, VPs of Finance, Controllers, founders) across 7 account executives' territories.
- Built the outbound research and enrichment pipeline end to end in Clay, n8n, Claude, and Perplexity, sourcing accounts, enriching firmographics, and generating personalized copy at scale; added a tiered tech stack filter that screened out non-fit accounts before any paid enrichment call.

Performance Coach

Bay Club / Equinox / LuxFit

Oct 2020 - Oct 2025, SF Bay Area

- Generated \$80K \$120K in annual revenue across 100+ client relationships with 85% client retention

Lead Software Developer

Co.Lab

Mar 2024 - Aug 2024, SF Bay Area

- Led a 4-person team building an AI nutrition app; ran discovery with 45+ respondents and turned it into the product spec. Presented the build to a 200+ person audience; earned the program's highest-rated MVP.

Software Quality Assurance Engineer

Kateeva

Aug 2017 - Feb 2020, Newark, CA

- Built automated testing frameworks in Python and Perl for industrial manufacturing systems, cutting manual test time roughly 70%.
 - Conducted design and code reviews for automation systems and testing frameworks, ensuring optimal system performance and enterprise-grade quality standards
-

EDUCATION

Bachelor of Science - Electrical Engineering

Minor in Mathematics, Business Administration || University of Nevada, Reno || Reno, NV || 2017

TECHNICAL COMPETENCIES

- **Outbound & CRM:** HubSpot, Salesforce, Outreach, Apollo, Instantly, HeyReach, Nooks, Clay, Store Leads, BuiltWith, Sumble
